

ECHOKL 2018

9th - 10th March 2018

First Announcement

“Guiding intermediate users one step at a time”

Programme Highlights

Day 1:

Didactic hands-on teaching on echo workstations

Day 2:

Lecture symposium by renowned echo experts

CPD Points awarded

Registration fees (GST inclusive)

- 1. Full symposium (Day 1 and Day 2): RM450**
- 2. Day 2 only: RM 100**

Register by online banking transfer to Bendahari UiTM, account no: BIMB 140690100-23457
and email transaction slip to secretariat.norlailadanuri@salam.uitm.edu.my

Organized by: *Endorsed by:*

NATIONAL HEART ASSOCIATION
OF MALAYSIA

Tentative Programme

Day 1 Symposium (Hands-on)		
Time	Topic	Speaker
07:45 – 08:00	Registration	
08:00- 08:45	Lecture and hands-on: How to optimize image acquisition	Application Specialist
08:45 – 09:45	Lecture and hands-on: Assessment of systolic function beyond EF	Noraminah AEDRUS <i>Senior CVT</i>
09:45 – 10:45	Lecture and hands-on: Assessment of diastolic function	P.S Deventhiran <i>Senior CVT</i>
10:45 – 11:00	Teabreak	
11:00 – 12:00	EchoPac: Valve regurgitation	Effarezan ABD RAHMAN <i>Cardiologist</i>
12:00 – 13:00	EchoPac: Valve stenosis	Effarezan ABD RAHMAN <i>Cardiologist</i>
13:00 – 14:30	Lunch	
14:30 – 17:00	“Scanning the abnormal patients”	Facilitators
Day 2 Symposium (Meet-the-experts)		
07:30 – 08:30	Registration	
Symposium 1: The “Pick and Mix”		
08:30 – 09:10	Common cases in congenital valve disease: What non-GOOCH should at least know	Norazah ZAHARI <i>Paediatric Cardiologist</i>
09:10 – 09:50	Pregnant women with valvular heart disease: How echo can guide management	Syahidah SYED TAMIN <i>Cardiologist</i>
09:50 – 10:20	Assessing pulmonic valve 101: How to approach with confidence	Norliza ALI <i>Paediatric Cardiologist</i>
10:20 – 10:50	Echo in pulmonary hypertension: What’s useful, what’s new and pitfalls to avoid	Geetha KANDAVELLO <i>Paediatric Cardiologist</i>
10:50 – 11:00	Q&A	
11:00 – 11:30	Teabreak	
Symposium 2: Mitral valve		
11:30 – 12:00	Morphology assessment of the mitral valve: What, how and why it matters?	TBC
12:00- 12:30	Assessing MR and MS: What does the guideline say?	CHONG Jen Lim <i>Cardiologist</i>
12:30 – 13:00	To repair or replace mitral valve: What surgeons wants to know in decision-making	TBC
13:00 -13:10	Q&A	
13:10 – 14:00	Lunch	
Symposium 3: Aortic valve		
14:00 – 14:30	How do I approach, perform critical measurements and avoid common errors in AS	TBC
14:30- 15:00	Low gradient AS: How not to miss severe aortic stenosis?	LAM Kai Huat <i>Cardiologist</i>
15:00 – 15:30	Severity of aortic regurgitation: How do I approach and avoid common errors	Mohd Rahal YUSOFF <i>SCIM Chair</i>
15:30 – 16:00	Assessing AS and AR: What does the latest guideline say?	CHONG Jen Lim <i>Cardiologist</i>
16:00 – 16:30	TAVI or Surgery: How imaging can compliment decision	TBC
16:30 – 16:45	Q&A	
16:45	Meeting adjourn
